Joe Jurgielewicz & Son Ltd's Duck Breast Pastrami is an innovative new offering that reimagines the classic pastrami experience by using premium duck breast sourced from our renowned Pekin ducks. This product features tender duck breast that has been carefully cured with a signature spice blend and traditionally smoked to develop a bold, savory flavor profile, bringing rich smokiness and aromatic seasoning to every bite. Designed for versatility, the pastrami-style duck breast can be enjoyed thin-sliced on artisan sandwiches, served as part of a charcuterie board, or incorporated into creative culinary dishes that highlight its unique fusion of gourmet flair and timeless deli appeal.

All ducks feature the perfect meat-to-fat ratio for a succulent bite every time.
